Whitehall Township Public Library
3700 Mechanicsville Road, Whitehall, PA 18052
(Off-street parking in adjacent library parking lot only please)

For directions and more info visit us at: www.lehigh.edu/lvas
LIBRARY INFORMATION: (610) 432-4339 OR www.whitehall.lib.pa.us

Wind power development is a hot-button environmental issue and the State of PA is considered an “internationally recognized crossroads of migration for many bird groups”. Ms. Van Fleet will present the facts surrounding this controversial topic and discuss her research and Audubon’s recommendations on the various challenges concerning wind power. There will be time set aside for Q & A with the audience. Bring a friend!

Find out about more programs, bird walks and field trips at the LVAS website: www.lehigh.edu/lvas

The Lehigh Valley Audubon Society (LVAS) is a non-profit organization that operates under provisions of an approved constitution and charter of the National Audubon Society. All LVAS programs are free and open to the public.
